MEXICANS AND U. S. SOLDIERS DIE IN FIGHT

Bandit Raids on the Border Near Town of Ojo De Agua.

BODY OF JAPANESE FOUND AMONG DEAD

Three American Soldiers Killed and Several Were Wounded.

BROWNSVILLE, Oct. 21.—The body of one Japanese was found among the dead Mexicans killed in an early morning fight between United States soldiers and Mexican bandits at Ojo Del Agua. This Japanese had apparently been shot in the fight, but there was nothing about the body to indicate whether he belonged to the soldiers.

The Rio Grande was used twice today by two separate bands of Mexican bandits to stop pursuit of American soldiers, most of the bandits crossing into Mexico in the early instances. The first crossing was in the retreat from the Ojo Del Agua fight, sixty miles up the river, about a mile and a half from the river, and the second occurred about thirty miles up the river where soldiers and a civilian posse chased a small body of Mexicans to the river. They crossed in a boat.

Captain Frank R. McCoy, of the Third Cavalry, commanding the Mexican patrol district, reported tonight his belief that there were not more than thirty Mexicans in the party which attacked Ojo Del Agua. The number of Mexicans killed in this fight tonight still stood at five, and the American soldiers dead at three. All eight of the American wounded were expected to recover.

Trail of Blood.

Not all the bandits appear to have crossed the river after the Ojo Del Agua fight, for a trail of blood, made apparently by at least two wounded men, was followed for several miles in the brush until it finally was lost at a point where the bandits seem to have obtained horses from some source unknown to the soldiers who trailed them.

The fifteen soldiers in camp at Ojo Del Agua received their first warning of the bandits' approach from screams of Mexican women. Soon

PATRONS ELECT A SET OF OFFICIALS

Riverview Organization Meets; Talk on Food Values a Feature.

An attractive program was given at the first meeting of the Patrons' association Thursday afternoon. The first action was the election of officers, as follows: Mrs. H. D. Murdoch, president; Mrs. Frank Crenshaw, vice-president; and Mrs. F. H. McLaughlin, secretary. The executive committee will consist of the principal of the school and John Ormand.

A feature of the program was a talk by Dr. E. A. Walte of New Haven, Conn., who gave some very valuable suggestions on "Food Values." Dr. Walte advocated the preparation of hot lunches for the children. During the afternoon prizes were also awarded to the children who had kept the best gardens during the summer. Arthur Brown, Edward Short, Virginia Berlin, John Harrison and Russell Nixon each received a reward of one dollar, while James Binkardner, Donald Barrett, Alfred Deonot, Charles Grant, Helen Freeman, Russell Gideon, Gerald McCracken, Rachel Bowman, Hazel Langston, Allen Preston and Wanda Lee were given fifty cents.

PACKING HOUSE IS ATTACKED IN SUIT

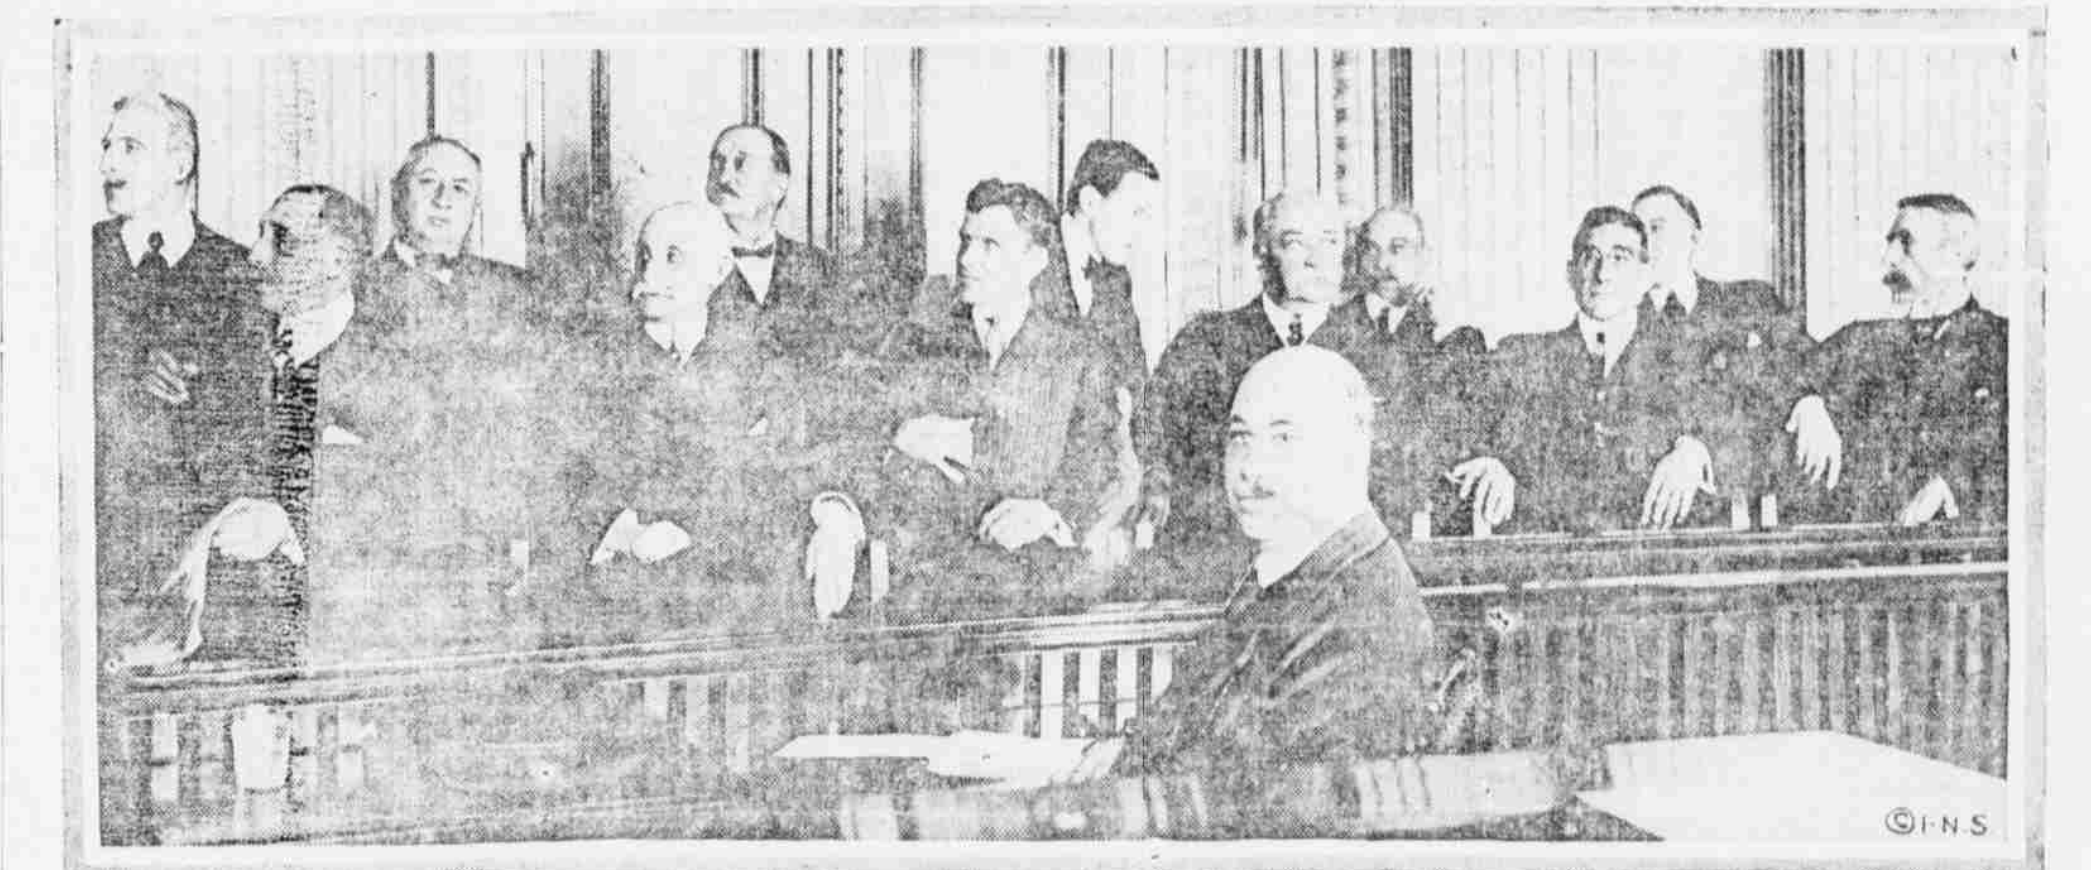

Property Owners Claim Slaughter House is a Nuisance.

Charging that a slaughter house, known as the Independent Packing company, is being operated within a half mile of an addition in Tulsa soon to be platted into lots and blocks and that it is a public nuisance, an information was filed in the county court yesterday with R. O. Warren as the complaining witness, asking that it be condemned.

There is a city ordinance as well as a state statute governing the location of slaughter houses and the information claims that the Independent Packing company has violated both these in running and continuing to operate.

The names of several witnesses appear on the information. The Independent Packing company is considered one of the big industrial institutions of the city and does a large annual business.

Courtroom Scene Showing Jury Before Directors of New Haven Railroad Are Being Tried in U. S. District Court of New York, on Charge of Conspiracy to Monopolize the Traffic

CUTTHROAT TACTICS IN RAILROAD DEAL

Charles S. Mellen So Admitted on the Witness Stand Yesterday.

A BIG LEGAL BATTLE AGAINST MINUTE BOOKS OF THE NEW HAVEN BOARD ORDERED TO BE PRODUCED.

NEW YORK, Oct. 21.—Although Charles S. Mellen, former president of the New York, New Haven & Hartford Railroad Co., was characterized by Frank L. Swacker, the federal attorney, as a "frankly hostile witness" during the continuation of his testimony today at the trial of the 11 New Haven directors under the Sherman law, the attorney succeeded nevertheless in introducing through Mr. Mellen what is deemed some of the most important evidence against the defendants contained in the government's case.

Mr. Mellen frankly conceded that the early competition between the New Haven road and the New York & New England, which it subdues quietly absorbed, was of the cutthroat variety. He testified that it was a state of rivalry between the Boston & Maine and the New Haven that led up to the famous Corbin agreement by which the two roads agreed to keep out of each other's territory.

He identified minutes of the board of directors meeting of the New Haven whereby steps were taken to enter into agreement with the New

DRUMRIGHT POLICE AFFAIRS IN MIDDLE

Elliott Demands Recognition, Although Another Is Appointed.

DRUMRIGHT, Okla., Oct. 21.—The municipal middle in Drumright reached another stage Thursday morning when O. C. Elliott, recently appointed municipal judge, entered the police office and demanded that he be recognized as the only legal judge of the court. Judge Guy L. McLaughlin, appointed by District Judge E. B. Hughes to fill the vacancy left by the suspension of Judge A. B. Rockhold, refused to release the office on the ground that Elliott's appointment is not legal.

Elliott is now preparing proceedings to be brought against McLaughlin and will take the matter into court to obtain the office. Action will be taken in the case tomorrow. It is thought the place will be contested on both sides. The Bar association has so far refused and have adopted resolution whereby they declare themselves as impartial but are standing by the present executive. Just what will become of the affair is not known but it has received considerable attention.

M'ADOO PLEADS FOR MERCHANT MARINE

"If Private Capital Can't Provide It, Government Should."

TEUTON ARMIES ARE WIDELY SEPARATED

Offensive Movements Are Being Conducted on Three Fronts.

LONDON, Oct. 21.—The German armies which for nearly 15 months have been continuously fighting on one front or the other are now on the offensive at three widely separated points—against Riga and Dvinsk, in Serbia and in the Champagne district of France.

In the two former places they continue to make progress, but against the French their attacks of yesterday, delivered to the east of Rheims, met with a complete repulse, as did those of previous days.

While it was expected that the Austro-German offensive in the north would be the most formidable, as a matter of fact the Bulgarian attack against the Serbians through the valleys from the east are proving the most dangerous. It is now definitely settled that the Bulgarians have cut the Salonika-Nish railway, north of Vranja, thus driving a wedge between the main Serbian army and the Anglo-French forces which landed at Salonika.

Bulgarians Threaten.

There is another railway, which branches off at Uskup, runs up the western side of Serbia, but it is a considerable way around and besides, another Bulgarian army, which is now approaching Kumanovo, is threatening the junction at Uskup.

With the rapid sweep westward of the Bulgarians the people of the allied countries are watching with keenest interest negotiations between their governments and the king and

COUNTY PEOPLE TO SEE FREE "MOVIES"

Free Fair Association Buys Engine to Operate Moving Picture Machine.

While the directors and members of the free county fair association are more than pleased with the increased popularity that attaches itself to the event each succeeding year, they are always on the lookout for something new for advertising and educational purposes. They have ordered a new gas engine to supplement the old automobile engine used for operating the moving picture machine used in the county and district schools.

The pictures portrayed are altogether educational, depicting various methods of farming in all parts of the country. Not only are the pictures valuable in this but they serve to advertise and stimulate additional interest in the county fair.

Expense has not been spared in securing the best equipment possible. The machine is from the Edison plant and embodies all of the very latest improvements. The films used are furnished by the department of agriculture offices at Washington. These will be of great value to the members of the girls and boys clubs throughout the county.

It is not expected that exhibitions can be given before December, but when the equipment arrives it will be pressed into use at once and every school in the county will have its use for a certain period.

EXPLAIN EXECUTION OF EDITH CAVELL

Had Been Assisting Soldiers to Escape.

LONDON, Oct. 21.—The full report of the circumstances of the condemnation and execution of Miss Edith Cavell, an English woman and head of a training school in Brussels for helping English, French and Belgian soldiers to escape from Belgium, made by Lord Whitlock, the American ambassador at Brussels, to Walter H. Page, the American ambassador at London, was received by the British government this evening.

Lord Whitlock, the American ambassador, Hugh S. Gibson, sought out the German governor, Von Der Lanckow, late at night before the execution, and, with the Spanish minister, pleaded with the governor and the German officers for the English woman's life. It is graphically related in a memorandum from Mr. Gibson. This document makes reference to an apparent lack of good faith on the part of the German authorities in dealing with their prisoners in the form of the American minister fully of the trial and sentence. Minister Whitlock telegraphed to Ambassador Page on the 12th.

Brand Whitlock Wires.

"Miss Cavell sentenced yesterday and executed at 2 o'clock this morning despite our best efforts," continued until the last moment.

Mr. Whitlock's final appeal was in the form of a note sent by a messenger late on the night of the execution to Governor Von Der Lanckow, reading as follows:

"My Dear Baron: I am too sick to present my request myself but I appeal to your generosity of heart to support it and save from death this unhappy woman. Have pity on her. Yours truly,

SENATOR GORE TOLD TULSA'S POSTOFFICE MUST BE LIMESTON

WASHINGTON, D. C., Oct. 21.—Senator Gore called at the treasury department today and protested to the supervising architect against the use of limestone in the exterior of the Tulsa postoffice, a contract for which was awarded last Friday, and urged that marble be used.

Tulsa is a rapidly growing city, and entitled to a building of marble which has been used in constructing some other postoffices in Oklahoma. He received no encouragement from the treasury officials, who stated the present contract must stand as awarded on October 14.

The limestone contract he was advised, was in accordance with the policy of the treasury department to erect serviceable buildings without unnecessary cost. Senator Gore declared tonight he will not drop the matter but appeal to Secretary McAdoo and Assistant Secretary Newton, when they return from their western trip, about November 1.

LEGAL ARGUMENTS IN WILDER TRIAL

EDITOR ON THE STAND

Eli Admire of Oilton Gusher Tells of Drummright Situation.

SPECIAL TO THE WORLD.

SAPULPA, Okla., Oct. 21.—More than four hours of today's session of the district court in the outer proceedings against Lew Wilder, suspended sheriff of Creek county, were consumed by wrangling and long arguments on the part of the attorneys. The arguments of counsel started immediately after court convened this morning and sometimes heated cross-fire of the attorneys greatly retarded the progress of the trial.

State Favored.

Perhaps the greatest advantage to which the state today laid claim was the admissibility of evidence given by witnesses whose names had not been entered on the original accusation, which was filed in the court. The argument, which lasted for more than three hours, was precipitated when Attorney Howard placed A. Michelson, a pawnbroker of Oilton, on the stand. Counsel for defense entered an objection on the grounds that Michelson's name had not been entered on the accusation. The legality of the state's manner of procedure was questioned and authority after authority was cited. The jury was out of the courtroom during part of the arguments.

The ruling made it possible for the state to use 12 additional witnesses.

Strong for Oilton.

Ed Admire, editor of the Oilton Gusher, was the first witness of the day. He told of conditions in Drummright during the last seven or eight months. Much emphasis was occasioned when he referred to Drummright as a part of Oilton. Leaving in the direction of the witness Judge DeGrafton asked him if he meant to say that "Drummright was a suburb of Oilton."

"Yes, sir, that's what I mean," Admire replied. The towns are more than nine miles apart.

The testimony for the most part was in line with that of Tuesday, witnesses from various parts of the county outlining conditions in the neighborhoods in which they lived.

A. E. Pitt, who admitted that for more than ten years he had been engaged in bootlegging, was the last witness of the day. He described the manner of operating gambling and bootlegging joints. Clarence Warren of Sapulpa also gave testimony somewhat similar.

SEVERAL DAYS YET

Every indication tonight points toward several more days of trial. Attorney Howard announced that he still has eleven witnesses to use and judging from the progress of the last two days it will require at least a few days to get the state's side before the jury.

MEXICO LOOKS TO UNCLE SAM FOR HUGE LOAN

\$300,000,000 Will Be Needed to Finance New Government.

EUROPE SATISFIED WITH ARRANGEMENT

Wireless Brings News of Attack in Which Americans Are Killed.

WASHINGTON, Oct. 21.—European countries are inquiring of the United States as to what assurances have been given by the newly recognized Mexican government with respect to foreign claims.

It generally is understood that the powers of Europe will follow the lead of the American republics in recognizing Carranza, but it became known tonight that before taking the step they want to know more specifically what settlement is to be made of the huge claims growing out of the revolutionary conditions of the last few years.

General Carranza has decided to appoint several mixed commissions to be composed of representatives of the interested nations in order that an equitable settlement may be reached. The question of claims is related so closely to the financial rehabilitation of Mexico that it is unlikely that the United States government will press its claims until Mexican credit has been firmly re-established and arrangements made for payment of the southern republic's national obligations.

To Seek Funds Here.

As yet no move has been made by the Carranza government to obtain a loan, but it is considered certain that in view of the condition certain cash markets, funds with which to finance the new government will be sought in the United States. The sum needed is variously estimated from a hundred million to three hundred million dollars. It is not believed in well informed quarters here that any loan will be negotiated, however, until a new congress has been elected and the constitutional order begun, probably six months hence.

Official evidence of the recognition of the Carranza government was given by the U. S. minister today in the delivery to Rios Arredondo of an invitation asking the United States of Mexico to send delegates to and

GOODHEART COMING SATURDAY EVENING

"Sunny Jim" Will Conduct More Than One Meeting in Tulsa.

A telegram from Jim Goodheart, a Drummright man, who is visiting in Tulsa is interpreted, was received yesterday by E. C. Murry of the Tulsa Y. M. C. A., stating that the date of his arrival and the subject on which he would speak had been arranged. His arrival will be several hours earlier than anticipated enabling him to do some personal work with the Tulsa Y. M. C. A. men before leaving his appointment at convention hall, according to the original plan.

(His subject for Sunday afternoon is "The Undercurrent" instead of the "Trail of the serpent" as was previously announced. He will arrive in Tulsa Saturday morning via Tulsa, and leave a speaker to rest before planning his evening into a big street meeting at the corner of Third and Main streets at 7 o'clock Saturday night. He will be open for personal interviews Saturday afternoon, which will be beneficial to every person who takes advantage of the opportunity.

Personal interviews, discussions of matters of individual life problems is the point where Jim Goodheart shines. His life has been of the proverbial "up and down" kind. His checkered career has enabled him to take a look at life from the tip as well as from the bottom side and he is more than willing to lend the benefit of his perspective to any other man as he may not have undergone the ordeal in person.

An exclusive little treat has been planned for the Y. M. C. A. breakfast club of the "Y" territory boys, as Jim has a chance to meet with this club at the Sunday morning session. It is a compliment to the youth of Tulsa that Mr. Goodheart has shown a special interest in them in making his stay longer.

KING OF THE FRONT

SOEFA, Bulgaria, Oct. 21.—(Via London, 5 p. m.)—King Ferdinand has gone to the front where he has been in the artillery battalions before Stara, the capture of which position opens the way to Kumanovo.

Endowment For Orchestra.

CINCINNATI, Oct. 21.—An amount estimated by attorneys at \$706,000 has been bequeathed to the Cincinnati symphony orchestra by the will of Miss Cora Dow, prominent retail druggist, who died here last Sunday. The will was left for probate here today. Besides this Miss Dow remembered every one of her hundreds of employees in her will.
